Male

## Desired employment / Occupational field

I am looking for a position where I can express and use my passion for programming and technology. I mostly develop in Python/Django using daily OSX and Linux. Available to positions that they give me personal and professional growth.

## Work experience

Dates  
Occupation or position held  
Main activities and responsibilities  
Name and address of employer  
Type of business or sector

### From November 2010 to December 2010

#### Python/Django Programmer

Ending of an **Adult WebTV** entirely developed in Python/Django with PostgreSQL database on Linux/Apache platform and Red5 as streaming server. The work is managed independently using GIT as revision control system.  
Exion Telecom - Via Cantonale 2b - 6928 Manno, Switzerland, <http://www.exion.ch/>  
IT solutions

Dates  
Occupation or position held  
Main activities and responsibilities  
Name and address of employer  
Type of business or sector

### From October 2010 to December 2010

#### Python/Pylons Programmer

The collaboration provides implementing new features, bug fixing, structural changes at the site of Sauce Labs. Work coordination is remote. The site is developed in Python/Pylons using github.com as revision control system platform.  
Sauce Labs Inc - 500 Third St., San Francisco, CA 94107 USA, <http://sauce labs.com/>  
Cross Browser Testing in the Cloud

Dates  
Occupation or position held  
Main activities and responsibilities  
Name and address of employer  
Type of business or sector

### From April 26, 2008 to December 16, 2010

#### Programmer and System Engineer in Research and Development Department

Working in a research and development team for creation of a innovative and unique product in the market for wireless communications (WiFi), I worked, in a first period, on **embedded system** (ubnt, alix, pcengines), strongly customizing the operating system (ubnt, openwrt) and the softwares to manage authentication (hostapd, wpa-suplicant). After this first phase, I focused on the development to **flash** these devices and for large-scale production.  
Also, we developed a complete solution for managing **hotspots**: I worked on server-side development to manage authentication, sessions log, signups, signals management from remote devices, integration with our management software, payment via credit card and authentication via SMS, complying with Pisanu law. As last task, I created a software for network monitoring. It is a **PyQT stand-alone** application, using internal django based API.  
The technologies mostly used are Python/Django with PostgreSQL database on Debian OS virtualized on XEN  
Forinicom srl, Via del Popolo, 9 Bastia Umbra, 06083, 0758001868, <http://www.forinicom.it>  
Telecommunication

Dates  
Occupation or position held  
Main activities and responsibilities  
Name and address of employer  
Type of business or sector

### From December 11, 2006 to August 31, 2008 and September 03, 2009 to December 31, 2010

#### Python/Django Programmer

Working in a team, I developed a management application for municipality of Bettona using Django, Python, PostgreSQL, Linux, Apache, for **computerization of services**, for the management of personal data, building practices, urban planning, calculation of ICI tax and updating of cadastral data. Also I created and advanced web interface for sending proposed practices, on-line services conference, integration process, exploration of cadastral map in **DXF** and production of customized ad automated printing.  
During the project I used revision control systems (SVN/GIT) with related web interface (trac) to manage tickets.  
Consorzio Miles - Servizi Integrati, CF 04881101002, Via Rocca di Papa 21, Rome <http://www.consorzio-miles.com/arianna/>  
Integrated Services for Public Administration

Dates  
Occupation or position held  
Main activities and responsibilities  
Name and address of employer  
Type of business or sector

### From July 30, 2006 to December 30, 2006

#### Undergraduate student: Wireless Broadband Network - Weconnect project

The thesis was to develop a WiFi network on order to coverage **digital-divide** areas. Thanks to this project, I acquired a wide knowledge about WiFi network and its behavior, legislation that governs the operation, RouterOS operating system ([www.mikrotik.com](http://www.mikrotik.com)), AAA protocol and Radius server. Finally I administered server for the provision of various network services: mail (Postfix), web server (Apache), DNS (pdns), firewall (iptables), database (PostgreSQL), hotspot (Chillispot), Debian OS, Voyage (OS for embedded Debian based system).

### From 14 November 2005 to 30 May 2006

#### Trainee - S.E.O. Search Engine Optimization

Working in a team I acquired S.E.O. knowledge and its behavior. The internship provided a S.E.O. optimization of various websites, using **pagerank** and **link popularity** methods. Also I worked as system engineer of Debian based virtualized server and I developed S.E.O. oriented application in Python and PHP.  
WEDOIT s.a.s. - Via Protomartiri Francescani, 26 - 06088 Assisi (PG), <http://www.wedoit.us>  
IT solutions

### March 2002

#### Trainee combined with IFS project, Impresa Formativa Simulata (Enterprise Training Simulation)

Administration of enterprise network  
IOSA CARLO S.r.l. - 05100 TERNI - Via Pallotta n. 7 - Tel. (0744) 2460 - Fax (0744) 246035 - P.IVA 00072550551 - <http://www.iosacarlo.com>  
Waste disposal firm

## Education and training

Dates  
Title of qualification awarded  
Principal subjects/occupational skills covered

### Since October 2008

Enrolled to specialization of Computer Science, "Security" address

Passed following exams with vote:

- Simulation: 30 cum laude
- Advanced programming: 30 cum laude
- Advanced Operating Systems: 30 cum laude
- Advanced Operating Systems Laboratory: 30 cum laude

Name and type of organization providing education and training

University of Perugia, Computer Science department, <http://informatica.unipg.it>

### May 2010

**Diploma de Español como Lengua Extranjera** (D.E.L.E.) - Spanish diplome as foreign language

The levels achieved in this form are as follows:

- reading comprehension and written expression: 32.5 points out of 35.0
- grammar and vocabulary: 17.33 points out of 20
- comprehension and oral expression: 44.32 points out of 45

Name and type of organization providing education and training  
Level in national or international classification

Instituto Cervantes, C/ Alcalá 49, E-28014 Madrid (Spain), <http://www.cervantes.es>

### B1 Level<sup>1</sup>

### From October 14, 2009 to May 26, 2010

Certificate of attendance 42/50 hours of the 3° and 44/50 hours of the 4° module Spanish language

The levels achieved in this form are as follows:

- understand the main points of clear standard speech on familiar matters
- able to describe experiences and events, reasons and projects
- deal with most situations likely to arise whilst traveling in an area where the language is spoken
- understand sentences and frequently used expressions related to areas of most immediate relevance
- can describe in simple terms aspects of their history and own experiences
- can speak of the surrounding environment and be able to express needs, intentions and predictions

Name and type of organization providing education and training

Comprehensive School "Volumnio" Ponte San Giovanni - Perugia

### From August 2009 to March 2010

Paper publication "**The AES implementation based on OpenCL for multi/many core architecture**"

Preparation and publication of "The AES implementation based on OpenCL for multi/many core architecture" paper for the yearly conference ICCSA 2010 ([www.iccsa.org](http://www.iccsa.org)) at Sangyo University, Fukuoka in Japan. The paper discuss of an implementation of AES algorithm that runs on NVIDIA/ATI graphics card.

University of Perugia, Computer Science department, <http://informatica.unipg.it>

### From February 2007 to July 2007

Radio-amateur **class A license**

During the course for radio-amateur i acquired excellent knowledge of radio technology basics, radio devices and its usage and basics of Physics and Chemistry (magnetism, elettromagnetism)

C.I.S.A.R. Foligno's section

Name and type of organization providing education and training  
Level in national or international classification

PASSED, International Callsign **IZ0OVB**

### From 19 March 2007 to 23 March 2007

Certificate of attendance to **Spanish course**

During the time in Madrid, I studied spanish grammar and general Spanish culture.

Name and type of organization providing education and training  
Level in national or international classification

Inhispania Intlance S.L / CIF:B83744847 , Montera 10-12, 1-1. 28013, Madrid (Spain)

### A2 Level<sup>2</sup>

### 01-02-03 Dicember 2006

Certificate of attendance to the course: **ISO certifications**

Training course on security and ISO certifications, in deeply ISO 27001:2005, policy for Information Security, Risks Analysis (RA), analysis of controls of ISO 17799:2005, Risk Transfer Process (RTP), certification process, overview of existing certification audits, audit plan and checklist, audit report, a look at the future certifications.

WEDOIT s.a.s. - Via Protomartiri Francescani, 26 - 06088 Assisi (PG), Italy, <http://www.wedoit.us>

### From October 2002 to November 2006

**Bachelor Degree in Computer Science**

Computer science Bachelor Degree, **address "Network"**:

- Mathematics (analytical and discrete)
- Programming (C, Java, Php, html, xml, xsl, dtd, Pascal, scripting bash and csh, VB.NET, VRML)
- Databases (Mysql, MS Access and related programming language)
- Networks (ATM, xDSL, Mpls, X.25, Frame Relay), types (wireless, wired) and interaction between them
- Knowledge of multimedia system
- Overview of parallel computing (mpi)

Name and type of organization providing education and training  
Level in national or international classification

University of Perugia, Computer Science department, <http://informatica.unipg.it>

### 102/110

### From September 1996 to June 2002

**Accountant graduation programmer (Mercurio project)**

Matters covered by the course (Commercial technical institute) of study as defined by the Ministry of Public Education: Chemistry / Physics, Mathematics and Laboratory, Biology / Geography astronomical, Word processing and data, Second foreign language (French), Law and Economics, Business, Economics and Financial Science, Italian Language and Literature, History, Computer Management, Applied Mathematics, First foreign language (English), Law.

Ministry of Public Education - I.T.C. (Commercial technical institute) "Federico Cesi", Terni (TR), Italy

Name and type of organization providing education and training

<sup>1</sup>Evaluation according to "Instituto Cervantes de Madrid"

<sup>2</sup>Evaluation according to "Common European Framework of Reference for Languages"

B1	Independent user	B1	Independent user	B1	Independent user	B1	Independent user	B1	Independent user

<sup>(\*)</sup> Common European Framework of Reference (CEF) level

Working usually in a team, I have a constructive and collaborative relationship with the people around me, such as colleagues and collaborators. Sociable, friendly and good communication skills, my site is a source of continuing social contact and exchange with other technical and less technical people.

With good determination, I can work both in a team and individually managing independently my workflow.

Because of **my passion for computing**, I have developed over the years a number of skills that vary in many areas of the same. Since the years of higher education, beyond the academic success, I created and maintained an extra-curricular activity **above average**: among other initiatives in which I participated remember "The basic course on multimedia", "Exposcuola 2000 in Paestum", "Basic computer as tutor role", "Computer literacy course as tutor to senior people (over 65 years old)", "XI week of scientific and technological culture", "Pluto Meeting 2001" and "Main tutor of a group of other 6 people for the course of ITALIAN IMPROVING for new students in the project "Reception, Recovery, Empowerment in early grades". In all the projects mentioned, I participated actively devoting time and effort in learning new things about the new information technology and other.

From my first computer, I had a certain passion for the **open source** world and all that concerns him: in fact I managed machines with **Linux** distributions such as RedHat 7.3, Slackware 7.1 up to machines to Debian (from version 3.0 to current ones). Through this experience I have gained some skill and knowledge in the management of Linux: bash scripting, configuring and compiling the kernel, network services, patching the kernel, C language. In addition to Linux, I daily use OSX. Given the continued use and my passion for computers I have in-depth study of the latter.

I was active as contributor to the writing of the guide <http://www.ubuntusemplice.org/> (version 6.06 and 7.10). In this project I was reviewer and author of several chapters, I administered the machine that hosts the site, wiki, blog and mailing list.

**I also have a great passion for the programming languages**: I know many of them in several areas such as Python, C, PHP, Java, LSL (Linden Scripting Language). I studied LSL during my work on **Second Life**: in fact I worked on many projects in the metaverse as Italian Assis <http://www.secundavita.it>, Milan and Marostica in "**Italia Vera**" project. I have a good knowledge of graphic applications (Gimp, Photoshop) and office tools such as Openoffice.org and iWork (for OSX)

- Learning the Spanish language by myself
- Amateur photos
- Music (hobby level)

- Curious by definition
- Music
- Willing to learn and study
- Attraction for science in general

- Driving license type B.
- Operator license for amateur radio station class A (nr. 020122/AN), International callsign **IZ0OVB**

- comply with compulsory military service (referring to studies)
- Linux Registered User #399008
- ordinary member of the LUG Perugia
- AVIS (Blood Donor Italian Association) ordinary member
- marital status: single
